

FS70 SCULPTURED SYSTEM

For a softer, sculptured appearance

Achieves A++ rating requirements

SMOOTH CLEAN SIGHTLINES TO TRANSFORM YOUR HOME

With its perfectly balanced curves and slender sightlines this great system creates a unique appearance that blends well in any property or building, whether it's in a heritage setting right through to a modern development.

The VEKA UK Group have pioneered the design and manufacture of window and door systems for over 30 years. With a continual investment in the profile systems it is now one of the most technically advanced on the market. A 10 year guarantee on all products, gives the added confidence that once fitted VEKA products will last for many years. Just a few of the many reasons VEKA is now one of the most specified uPVC systems in the world.

Why choose the fully sculptured window system?

For enhanced security

As standard windows and doors from our fully sculptured system are fitted with the market leading security hardware incorporating shootbolts or hook locks. It only takes a simple upgrade to meet the Secured by Design specification for the ultimate deterrent to intruders.

Ease of maintenance

Life is too short to be sanding and painting timber window frames, or even the older PVC frames still require some effort. The Fully sculptured window system makes all this so much easier... all it takes is a simple wipe with a soapy cloth. No mess and definitely no fuss.

For a perfect match

Whether it's the traditional front and back door, french double doors, in-line patio, tilt & slide, composite doors or bi-folding doors, you can enjoy the looks, security and weather resistance to perfectly match your fully sculptured windows.

Design

- Can be used to create virtually any style of window or door, tilt and turn, casement, residential doors, french doors and many others.
- Galvanised steel reinforcements.

Glazing

- An A++ energy rating can be achieved by upgrading to a 36mm triple glazed sealed unit.

Fittings

- We have a great range of hardware that will stand the test of time and properties. Available in white, bright chrome, satin chrome, bright bronze, graphite, gold, black and antique black, all supplied with a 10 year guarantee.

Colours

- VEKA offer a fantastic range of plain colours and woodgrains to offer individual solutions to suit all tastes.
- Foils can be applied to one side or two and different colours can even be specified for the inside and out.

For the best
profile...
anywhere

COLOUR CHOICES

All VEKA profiles are available in a great range of foils and woodgrains as standard. Please note, colours shown are for guidance only and not a direct colour match.

SECURED BY DESIGN EXPLAINED

Secured by Design was established in 1989 and is owned by the ACPO (Association of Chief Police Officers). It's now the police preferred standard focusing on crime prevention of homes and commercial premises.

In areas where the principles have been adopted crime has reduced by up to 75%.

ASSURE ENERGY RATINGS REGISTER EXPLAINED

The Assure Energy ratings scheme is used to give your windows a Windows Energy Rating (WER) in alignment with the "traffic light" system used in all domestic appliances.

A++ is the highest rating, which can be achieved on our M70 bevelled system.

WHY CHOOSE THE FULLY SCULPTURED SYSTEM?

The perfect match...
windows and doors from the same system

Much more energy efficient...
achieving up to A++ WER

Enhanced security...
optional upgrades to SBD
