

THE COMPOSITE DOOR RANGE

Consort

Secured by Design
SBD
Official Police Security Initiative

WELCOME HOME

With a huge range of striking colours, two woodgrain effects, plus of course brilliant white as standard, give your door that individual touch. Added to that is our wide and varied range of plain or decorative glazing options... the possibilities are endless.

Pick from our collection of door styles, handles, knockers and colours to give your home real character.

The ultimate in home security, combining the best in classic style and performance

Manufactured to the highest calibre and thoroughly tested to beyond industry standards, this energy efficient fibreglass composite door provides excellent thermal and sound insulation. Its strength comes from the construction of its sub-frame in solid, water-resistant polymer material, reinforced with Laminated

Veneer Lumber (LVL). The depression moulded GRP skins, giving the authentic timber look, are then bonded to this sub-frame and its core filled with high density, 100% CFC-free polyurethane foam.

The fully reinforced, triple sealed outer frame, the multi-point security locking

system and the unique adjustable hinges make the Consort Magnum a real heavyweight performer that retains an amazingly light, yet positive easy feel.

YOUR DOOR JOURNEY STARTS HERE

Choose your door style

Your front door is the first thing visitors will see. Cherry-pick your perfect design from a wide variety of traditional and contemporary styles.

Choose your door colour

Let your imagination run wild with our collection of exclusive colours. Specially selected by our design team, there's a colour to suit every home.

Choose your glass design

Complement your new composite door with one of our decorative glass designs. Providing the finishing touch, there's a design to suit every property style - traditional, period, contemporary and modern.

FEATURES & BENEFITS

Unparalleled Security

Our GRP composite doors offer enhanced security thanks to its rigid polymer sub-frame, high density insulated core and high impact resistant GRP skin. Rest assured that our doors are tried, tested and trusted, keeping you and your family safe.

Stunning Aesthetics

The woodgrain finish was developed from oak tree grain. You'll also find the same woodgrain effect and moulding design on the slim glazing cassette, giving a seamless and authentic finish.

Low Maintenance

Everything about our GRP composite door is designed to be easy to maintain - simply wipe clean with warm soapy water.

Superb Sound Insulation

With a weighted noise reduction of 31 decibels it means you can be sure your new door will keep outside noise to a minimum.

Exceptional Durability

High impact resistant glass reinforced polyester (GRP) skin that will maintain its pristine appearance.

Double and Triple Glazed Glass

Laminated as standard insulated glass units encapsulate the decorative glazing between two panes of clear glass, protecting it and making it easy to keep clean.

Excellent Weatherproofing

With water resistant polymer composite rails, our doors will keep the weather at bay and will stay looking great for longer.

SECURITY

THE MOST ENERGY EFFICIENT DOOR

The rising cost of energy bills and the impact on the environment means we all want to keep our consumption to a minimum. One of the best ways to achieve this is to choose thermally-efficient products which will keep warmth in and cold out, saving money and reducing emission levels.

The photographs below show the thermal efficiency of each of the doors we tested.

The darker the blue, the less heat is being lost. Reds and greens – the predominant colours on the timber door – indicates high heat loss.

Important in protecting your home from intruders. Your door has:

- Been manufactured in accordance to PAS 24 testing
- Enhanced security performance requirements for doorsets in the UK
- Secured by Design endorsement which is an official police initiative that improves the security of buildings and their immediate surroundings to provide safe places to live, work, shop and visit
- Impact resistant GRP with rigid polymer subframe

- High-density polyurethane foam core
- Document Q Approval (threshold dependant)
- Decorative glass triple glazed and 6.8mm laminated as standard
- Non decorative glass double glazed and 6.8mm laminated as standard
- Anti-Bump, Pick and Drill barrel
- High security handle and letterplate to achieve Secured by Design
- 3 Star Cylinder

If you require Secured by Design please specify at point of order.

SOLID DOORS

A solid door is perfect for those who prefer complete peace and privacy from their home.

Magnum 1 door shown below in Chartwell with Polished Gold Hardware.

MAGNUM 15

A classic solid door style that would suit any home. Shown left in Distant Blue with Polished Chrome hardware.

Visit page 56 for colour options.

MAGNUM 1

A traditional style but with all the convenience of a modern door.

Shown left in Ruby Red with Brushed Chrome hardware.

Visit page 56 for colour options.

MAGNUM 23

A flush door that gives a subtle modern feel. Featured left in Grey with Polished Gold hardware.

Visit page 56 for colour options.

MAGNUM 48

Our most recent solid door addition, the timeless Rustic Cottage.

Featured left in Anthracite with Polished Chrome hardware.

Visit page 56 for colour options.

Our stylish, high performance Lever/Lever and Lever Pad Door Handles give ultimate corrosion resistance. Superior quality and designed for product longevity. Suites beautifully with our other furniture for a totally coordinated approach.

- The stylish Knob Suites & Escutcheons fit perfectly with other products in our range.
- They are corrosion resistance, for excellent weather protection.

A front door is a focal point of most properties and the hardware should reflect this.

The stylish letterplate has been designed very much with aesthetics in mind with its simple but elegant styling, designed to complement any door and suited finishes with our other door furniture.

Also available in Polished Chrome, Brushed Chrome, Rose Gold, Bronze, Gold, Black and White.

The stunning stainless steel handles compliment our other products in the stainless steel range.

Offering a range of upmarket, contemporary handles manufactured in 316 stainless steel and delivering outstanding product performance.

- Stylish rounded numbers that require no screws
- Face fixed knockers remove the need for internal bolts
- Edgeless, long lasting beauty
- 20 year anti-corrosion guarantee

The Ultion Nuki has been designed to fit existing doors with handle fixings of 215mm, 211mm, 122mm and even doors with an escutcheon lock. Elegance matches discretion. Our all-white internal finish perfectly blends with most doors' classic white internal paint.

ULTION | NUKI

44mm door fitted with the 3D hinge, a heavy duty adjustable door hinge developed for long life performance. Featuring low friction bearings for a smooth door opening, it offers reliable maintenance free operation. Also available in Gold and White.

70mm door fitted with the SFS hinge, available in a variety of colours.

- 2 x duplex bi-directional hooks
- 1 x hook with the deadbolt
- 92 & 92/62 PZ centres, twin spindle
- Anti-tamper plate to comply with PAS24 2022
- Secured by Design approved

Automatic secure 3 point slam lock for contemporary T Bar handle and Central Knob.
Can be specified with all doors as an optional extra.
Doors with the slam lock will have a thumb turn locking cylinder as standard.

Weather (Drip) Bars can be supplied in Silver and Gold finishes as well as colour coded to match the door slab/leaf.

COLOUR RANGE

Choose a colour or create your own! We use the RAL colour matching system to make sure you get the precise colour and shade you want for your door. Choose from hundreds of RAL colours, or bring in a sample for us to turn into a custom one. If you choose for your door to open outwards instead of inwards, we can colour the door's edge banding to blend in. This special feature has a longer lead time, but keeps your door looking sleek.

Signature; Black, White, Blue, Green, Red, Gold Oak, Rosewood, Distinction Chartwell, Distinction Anthracite Grey
 nxt-gen; Black, White, Blue, Green, Red, Distinction Chartwell, Distinction Anthracite Grey
 Rustic Renown; Black, White, Gold Oak, Rosewood, Distinction Chartwell, Distinction Anthracite Grey
 Stains not available on Craftsman, Infinity Collection and nxt-gen

SPARKLING GLASS

Andorra

Aspen

Chatsworth*

Edwardian

Each glass design is triple glazed, something that offers two major benefits. Firstly, thermal efficiency is maintained. And because the decorative panel is enclosed within two clear panes, keeping it clean and pristine is much easier too. All the panels have slim sightlines so attention is focused on the beauty of the panel and for extra security the external face is fitted with 6.8mm laminated safety glass to BS EN 14449.

Enclosed Mini-blinds

An enclosed mini-blind is the perfect solution for controlling light and privacy in your home.

Mini-blinds can be handed left or right and have a simple control mechanism to be raised or tilted with one hand. This system uses a magnetic tab rather than a traditional cord, so is completely safe for use around children.

The mini-blind is enclosed within two panes of glass in the frame so never require painting and are protected from damage and dust. They are a stylish finishing touch to any external door.

Scotia

Sierra

Trieste

Wentworth*

* Chatsworth and Wentworth double glazed only.

SIDEPANELS

Adding sidelights or sidepanels to your door gives a stylish extra dimension to truly make a statement.

If you have the space, adding sidelights or sidepanels is a great way to make a statement entrance. Not only do they look impressive by extending the glazed area across the entrance to your home, sidelights also allow for more natural light to fill your internal living space.

Constructed in the same way as the door, with the same brilliant credentials you don't need to worry about compromising on any aspect.

You can choose to have them in the same colour as your door with matching glass for seamless look that flows with your home.

Please note: sidelights not available as nxt-gen.
