

BESPOKE SLIMLINE
LANTERN

STYLISH CONTEMPORARY
PERFORMANCE

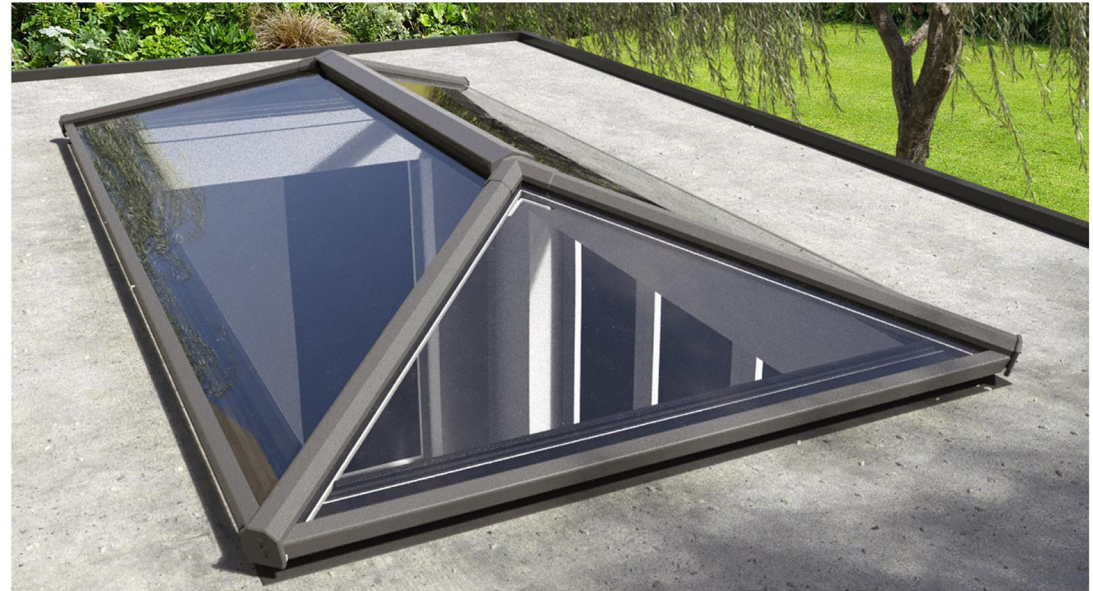

A BETTER LANTERN ROOF

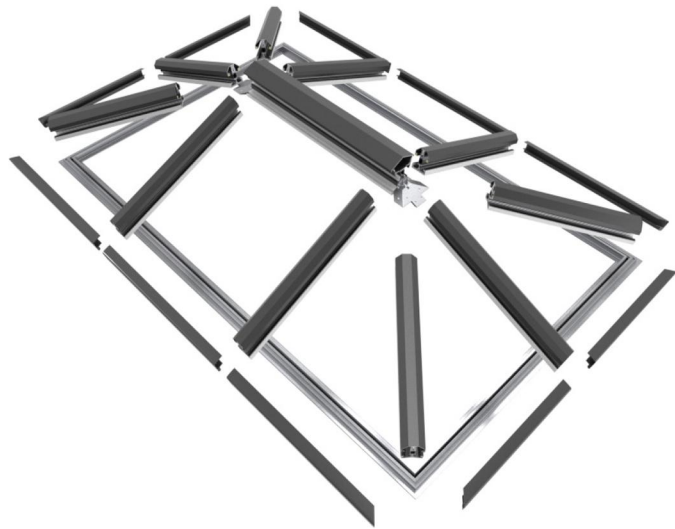

The purpose-designed slimline aluminium lantern roof system is discreet yet stylish. The lantern allows light to flood into your home's interior, the ideal modern lantern solution, coupling sleek contemporary looks with truly outstanding performance.

Designed from the ground up around an innovative thermally broken system, the lantern provides excellent thermal performance - keeping cool in the summer and warm in the winter - while delivering the architectural refinement you'd expect of a high-end aluminium lantern system.

Whether you are building a new kitchen-diner extension or replacing an existing lantern roof, the slimline lantern will help redefine your home, creating light and airy spaces for you to enjoy.

CREATE LIGHT, AIRY SPACES

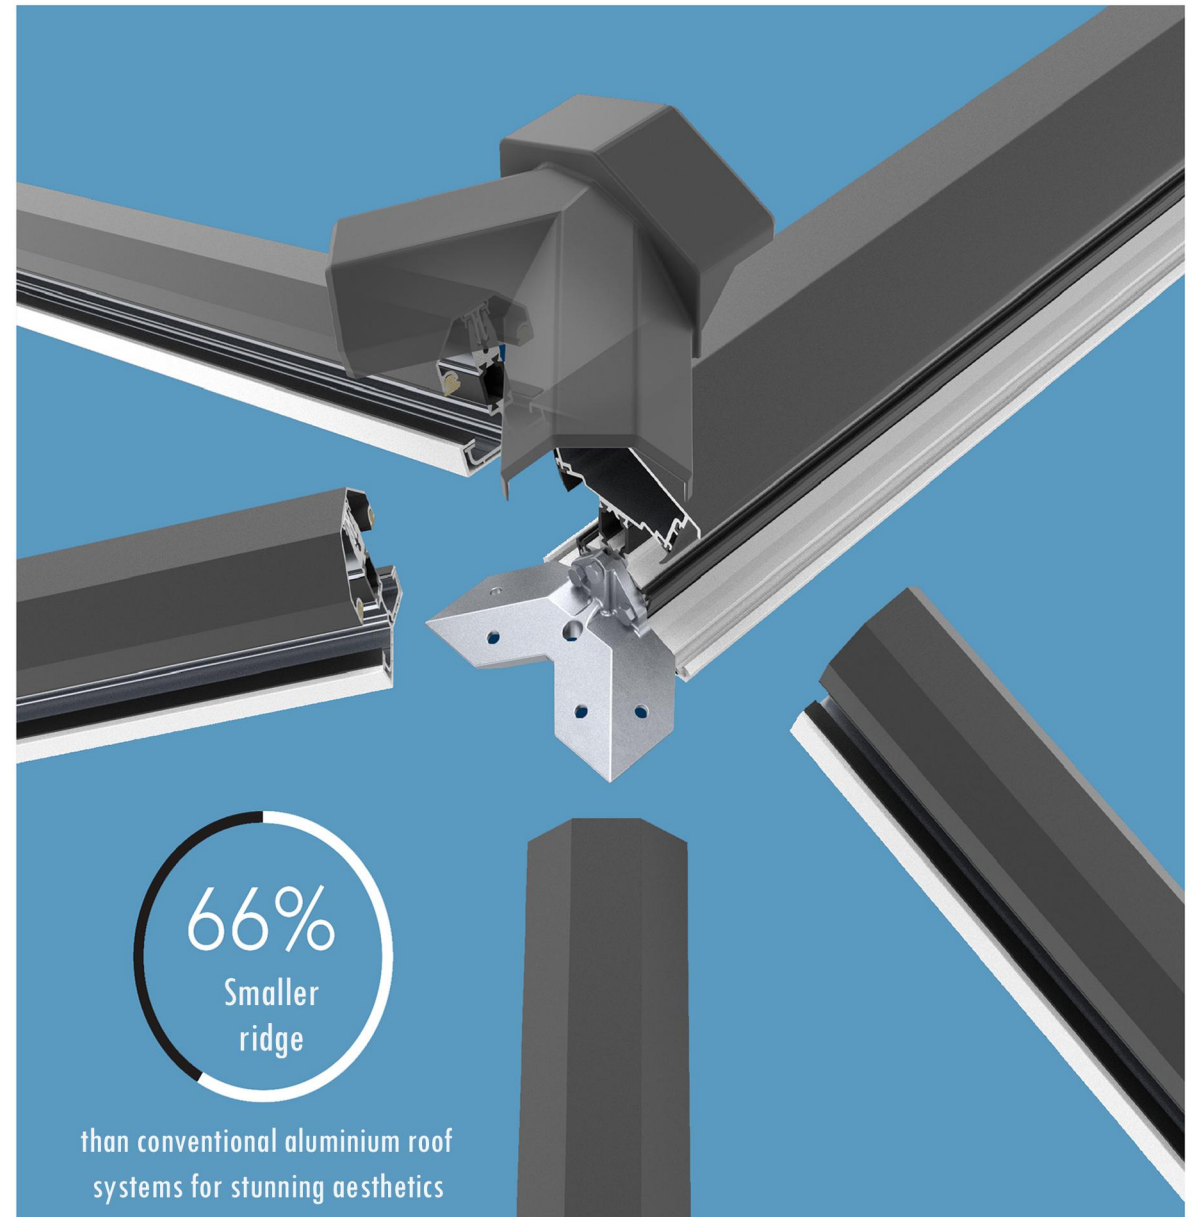

SIMPLY BUILT BETTER

Every element of the Slimline Thermal Lantern Roof has been designed to be exceptional. From the low profile 20° pitch that allows us to use purpose designed cappings that keep sightlines to a minimum - and your view of the sky maximised - to the discreet black finish of our perimeter beam, that ensures if you view the lantern from above all you'll see is glass and a discreet shadow line.

The Slimline Lantern is high-quality British engineering at its best.

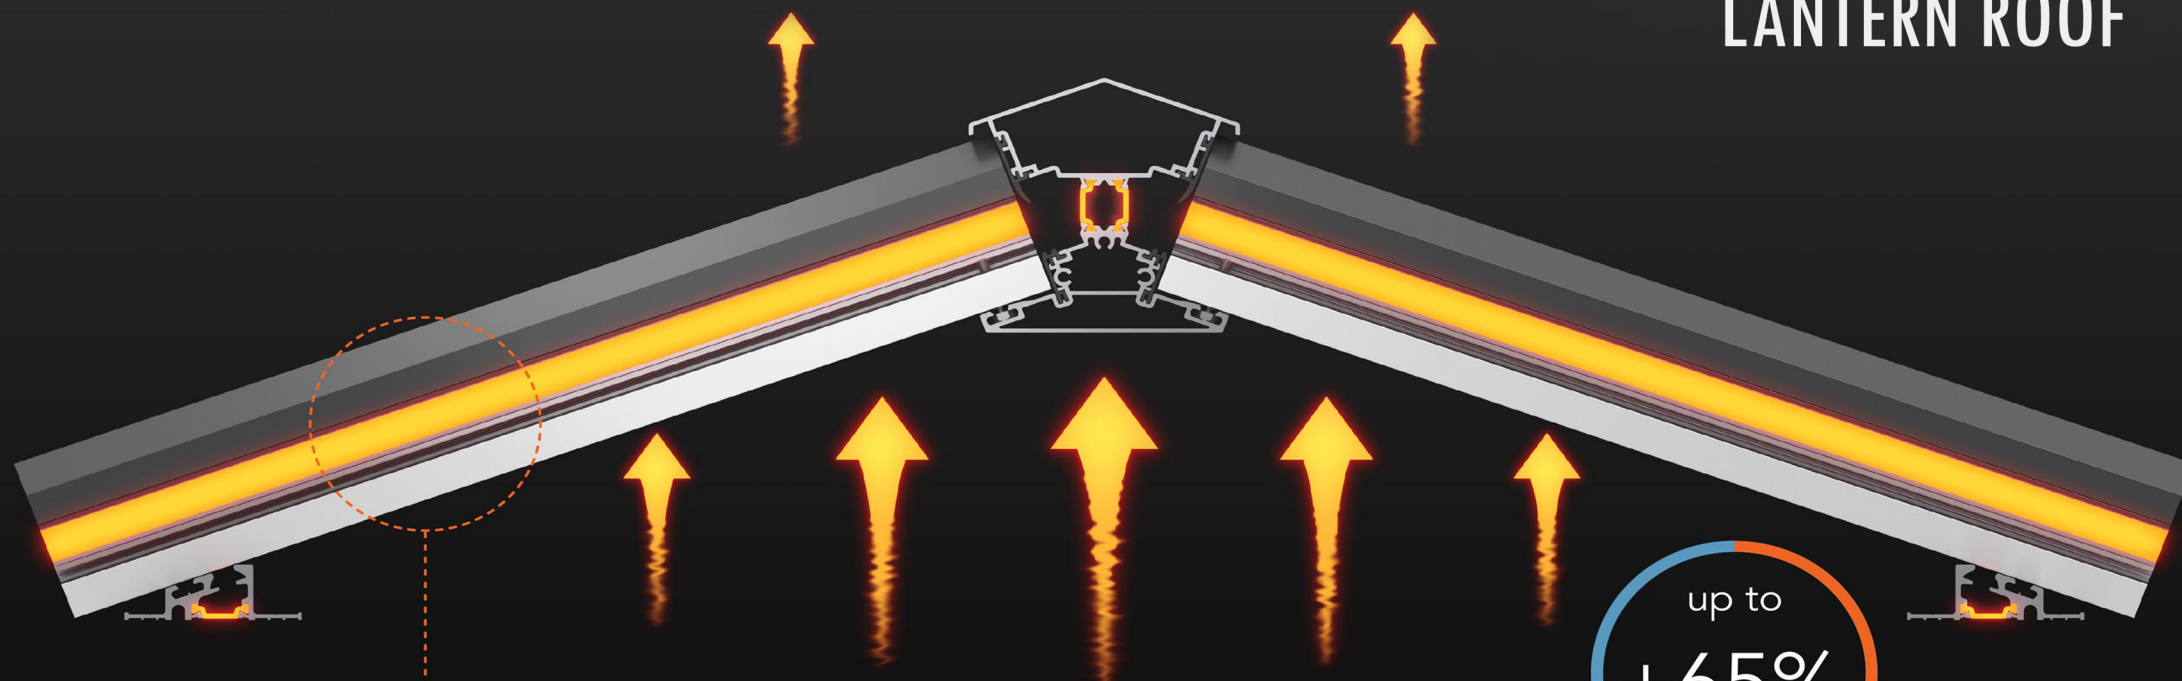

PRECISION ENGINEERED QUALITY

Thermal break technology ensures that the lantern is warm in the winter and cool in the summer. Every element of the roof system has an ultra-low conductive element that separates the inner and outer aluminium skin, helping keep heat transfer down, and heating bills low.

INNOVATIVE FULLY THERMALLY BROKEN LANTERN ROOF

533x

Polyamide nylon, glass composite thermal breaks are 533 times more thermally efficient than aluminium!

up to
+65%

More thermally efficient than
conventional aluminium roof systems

DESIGN AND COLOUR OPTIONS

Available in 2-way, 3-way and contemporary design models with sizes up to 3m x 6m, this high end, high-performance lantern roof is ideal for modern living. Perfect for fresh, bright interiors that want to be opened up and bathed in light.

The Slimline Lantern is available in any RAL colour.

For the ultimate in minimalism, the innovative contemporary style supports the ridge solely by the hip rafters, for an ultra slim, clean and modern look.
